DIVERSITY MATTERS EVERYONE MATTERS

A Fairer World proudly presents this transformative experience for students preparing for high school. Encouraging empathy and understanding, building confidence and literacy. We use storytelling and creative writing activities in class to celebrate diversity.

- ✔ **Build Knowledge:** Storytelling is a powerful way to learn from people who have experienced exclusion and discrimination.
- ✔ **Raise Confidence:** Through meeting people who may be different from you, students build resilience and grow in confidence, assisting with the move to high school.
- ✔ **Improve literacy:** Storytelling is central to the work we do and students get to collaborate with staff from AFW to publish their own class book.

INCLUDED
